Start Mailing Out Sample Ballots

DALY CITY WILL TOP 1944 WAR CHEST GOAL

That Daly City would meet and top its quota for the 1944 War Chest drive was virtually assured, by Saturday noon, when $2,811.78 had been received by Mrs. Clara E. Lane, chairman. Early this week, additional pledges would have brought this total well past $3,000 but Mrs. Lane preferred, conservatively, to talk only of funds actually banked. House-to-house solicitation will end tomorrow, October 27, but all local residents who have failed to give are asked to mail their contributions to Mrs. Lane at 634 Hanover street if they've not been contacted by a volunteer worker. Daly City's goal had been set at $2,950.

The County of San Mateo as a whole is short of its $215,000 quota and Judge Aylett Cotton, chairman of the county War Chest said that the seven agencies carrying on welfare work for the youth, the infirm and the aged would be in danger of having their efforts in this county greatly curtailed for the coming year unless citizens rally to the support of the War Chest. The seven local agencies endangered by the bogging down of the county drive are the San Mateo County Preventorium, San Mateo County Catholic Charities, Y. M. C. A., the Boy Scouts, the Girl Scouts, the San Mateo County Blood Bank, and the Salvation Army.

It was for the benefit of these seven agencies that Daly City people were urged to contribute at home as only donations actually made in the county assist these groups. However, the contributions likewise benefit the War Prisoners Aid, the United Seamen's Service and the U. S. O. as well as the Allied Nations Relief funds.

To the list of workers which has already been published should be added the names of Mrs. C. E. Dotson and Mrs. Jones.

Mrs. Lane will make a more detailed report of the accomplishments of the three residential districts and the business section, next week.

Jefferson Union high school gave generoously to the War Chest with the faculty donating $244 and the students, $94.75. These totals were divided between the Daly City and Colma campaigns.

Colma District

Colma district has passed the half-way mark in its campaign to raise $2,150 for the War Chest, according to Mrs. Alma Garibaldi, chairman, and Mrs. M. Pauline Brown, co-chairman. In addition, a number of pledges have already been made the workers and late contributions are expected to boost the total considerably by next week.

The volunteers have covered the residential territory and will not make any more house-to-house calls. However, anyone who would like to contribute may have a canvasser call by telephoning Mrs. Brown at RAndolph 6246 or checks and money orders made payable to the San Mateo County War Chest may be mailed her at Box 1653, Colma, or left with John Ferrari at the Bank of America, Colma branch.

The chairman and co-chairman thanked their loyal volunteer workers for cooperation and urged that all residents who have not made their original contributions, or would like to make second donations, do so within the next few days.

IN OREGON

Marine Private First Class **Ronald F. Schultz,** son of Mrs. Fred Schultz, 1227 Brunswick street, Daly City, is now stationed at the Marine barracks, Klamath Falls, Oregon. This center specializes in the treatment of tropical ailments.

Private First Class Schultz is a veteran of Guadalcanal and Tulagi.

Report Thomas Jerrold Martin Killed In Action

Students at Jefferson Union high school observed a moment of silence in memory of **Thomas Jerrold Martin,** during a Navy Day assembly, Tuesday, October 24. Word was received, this week, that he had been killed in action in the South Pacific.

Martin, who was only 19, is a graduate of Jefferson Union high school. His parents are Mr. and Mrs. T. J. Martin, 275 Los Olivos avenue. His brother, Kenneth, is now enrolled at the local high school.

Martin was a third class pharmacist's mate, U. S. Navy. He was stationed with the Seventh Marines. He completed his "boot camp" training at Farragut, Idaho, in August, 1943.

Only One License Plate For 1945

When motor vehicle owners of Daly City renew their registration for 1945 they will receive only one license plate instead of the customary two and the single plate will be displayed on the rear of the car.

Steel restrictions imposed by the War Production Board made it impossible to issue plates in pairs. However, the Department of Motor Vehicles announces that recent removal of these restrictions may make it possible to issue two plates for each vehicle in 1946.

The first shipment of the 2,750,000 plates ordered for 1945 for passenger cars has arrived at Sacramento from the manufacturer and the number needed to service motorists of this area will be shipped to the local office of the deartment in time for the opening of the 1945 renewal, January 2.

The 1945 plates have a black background with dull white letters. In accordance with regulations of the department, no low or special numbers will be available, the lowest being 1A101. Requests for numbers to correspond with house or telephone numbers will not be granted because of the necessity of removing the plates from the regular order in which they are issued.

No Fire Alarms Between Oct. 19-24

Between October 19 and October 24 there were no fire alarms recorded on the official log book kept in the office of Arthur Bodien, assistant chief.

Company No. 2, D. C. F. D., as their observance of Fire Prevention Week spent a number of hours burning off weeds, according to Battalion Chief Elmer Kennedy.

Christmas Deadline

December 1 is the deadline requested by the Post Office department for mailing Christmas gifts inside the United States. Every citizen who is playing Santa Claus for loved ones and friends in other towns is urged to get that present in the mails by that date to assure proper delivery. The reason, say postal officials, is that Americans are expected to mail domestically 25 per cent more gifts than a year ago—and at a time when the post office has fewer employees and less well-trained holiday help than ever before.

In addition, the fact that more people have moved to different addresses to do war work is expected to mean that the average distance traveled by each gift will be greater than before the war.

Council Defends Proposed Location

What started as a routine enough council meeting, Monday night, October 23, ended in a verbal free-for-all on the selection of a site for the proposed $75,000 Daly City War Memorial. Location for the building which has gained most enthusiasm from the council members and the San Mateo County Planning commission is the old Market Street railway rock quarry, immediately adjacent to the business district at the top of the hill. City Engineer R. A. Klassen pointed out that this site, when cleared of rock, would have an area of about 8 acres, more space than any other proposed location could begin to offer.

Former Councilmen Edmund Cavagnaro and John J. Fahey sr. asked that a public meeting be held before a final decision was made on the purchase of a site for the memorial. Councilman Eugene V. Lynch, presiding in the absence of Mayor A. J. Gaggero, assured them that such a meeting would in all probability be held.

Arthur Bodien, water department superintendent here and member of the county planning commission, said that the commission had no intention of dictating the selection of a site. It is merely urging that a suitable location, which would insure that the memorial would be an asset of maximum value to the community, be decided upon as soon as possible.

Councilman Howard A. McHugh made a motion that the council concur in a resolution adopted by Daly City Post No. 410, American Legion, and Old Glory Post No. 2044, V. F. W., recommending that the public refrain from any Victory celebration if Germany should be defeated before the Japanese empire. The resolution asked that the community wait for total victory before staging celebrations of any sort. The motion was unanimously adopted.

The resolution, which appeared in last week's Record, was read to the council and audience by B. C. Ross, city clerk. Rene Brulez, V. F. W., thanked the council for its action.

Under new business, Councilman Edward J. Dennis made a motion that B. L. Meritt, councilman on leave, be granted a 30-day extension of time as he has been unavoidably delayed in the State of Washington by his work.

Among the communications, there were two requests from the fire commissioners; one, that the balance in the 1943-44 fire fight-

Service Center Would Like Clock

What's the time?

That's the question the Daly City Servicemen's club, 6201 Mission street, would like to be able to answer regularly, but it has no clock. Donation of a clock for the center would be greatly appreciated, according to the committee, Mrs. Anne Eason, Mrs. Maisie Boyle, and Mrs. Margaret Steele.

Current hostess group at the club is Jefferson Union High School P. T. A. Taking over, Sunday, October 29, will be members of Cypress Circle No. 14, U. A. O. D.

Junior hostesses registered with the center will give a Hallowe'en party, Tuesday evening, October 31. All the traditional decorations and refreshments will be employed to insure a pleasant evening.

The committee for the center called to public attention that the local center has been given wholehearted cooperation by the San Francisco A. W. V. S., which has donated refreshments of many types during the past months.

"We certainly appreciate the generous help of the San Francisco A. W. V. S.," the Daly City committee said.

Official Opening Of Youth Center, Oct. 31

Mrs. Anne Eason and Mrs. Maisie Boyle, of the Daly City Recreation committee, this week, announce the opening of a center for high-school-age boys and girls at No. 5 firehouse, Oliver and Bellevue. They cordially invite the young people of the community to the opening activity at the club—a Hallowe'en party, Tuesday evening, October 31. Thereafter, the regular night for the center will be Friday.

At the October 31 party, Jefferson's "Indians of Rhythm" under the direction of Howard Miguel, will play for dancing. It will be a costume party.

Mrs. Eason and Mrs. Boyle began the many weeks of work and preparation incident to opening such a center when Anna Mae McDermott, a Daly City girl, approached them for help in providing a place where local boys and girls could meet for a good time. Now literally dozens of youths have offered their assistance and expressed their enthusiasm for the center.

The recreation committee hopes to have another center opened in the southern section of the community but in the meantime all boys and girls are urged to make use of the Crocker tract location.

Acting Police Chief On Short Vacation

Acting Chief Bill Bolger is on vacation from the Daly City Police department, this week. He returns to work, Monday, October 30.

Officers are on the lookout for the motorist who has been reported taking a short cut across the playground at Marchbank park, each evening. The driver is said to jump the curb and drive across the play area rather than follow the street around the eastern point of the park.

October 22 at 6:30 p. m., Mrs. Charles Kearney, 280 Hillside boulevard, reported that her home had been robbed. Sergeant Ricco Benedetti investigated and time of the theft was fixed as being between 4:30 and 5:55 p. m., October 21, when Mrs. Kearney was away from the house. The garage door had been left open, permitting entry. There were no clues to who made off with a Persian fur coat valued at $300, a Kelensky scarf valued at $75 and a necklace worth $50. The articles were discovered to be missing when Mrs. Kearney went to get some change from the pocket of her fur coat at 6:30 p. m., October 21.

Gary Stein, 292 Hillcrest drive, tore the nail off his index finger, October 22 at 12:45 p. m. His mother took him to Dean Wood for first aid treatment and the child was rushed to Alemany Emergency hospital in the police car.

Schedule Two Games For Sunday

With the Peninsula Winter Baseball league entering its fourth week of current season play, the diamond at Marchbank park in Daly City, will be the setting for a game between the Regal Pale and Bear Photo Service teams, Sunday, October 29. The contest is scheduled to start at 2:30 p. m.

Top position in the games-won-and-lost columns for the league is held by the Newells, with 3-0, followed by Bear Photo Service, 2-1; Laundry Workers, 2-1; Regal Pales, 1-2; Coast Guard, 1-2; and Campi's Tavern, 0-3.

Next Sunday morning, at 10 o'clock, a special "battle of the butchers" contest has been arranged for the local diamond. Teams representing the Switzer Meat company and the H. Moffat company will play at that time.

Last Sunday's games resulted in the Laundry Workers trouncing the Coast Guard, 9 to 1, in the league feature, while the San Francisco Cardinals edged out Menlo Park, 6 to 5, in an earlier contest.

COMPLETE PLANS FOR GIRL SCOUT WEEK

Girl Scout Week, which honors the founder of the organization, Juliette Low, will be observed in Daly City and Colma October 29 through November 4. Brownies and Girl Scouts will wear their uniforms every day during the week-long program. To call public attention to the varied activities of the Scouts a window display will be featured at McGraw Brothers pharmacy, 6300 Mission street. The Scouts invite all residents to see it. Representative arts and crafts will be on review.

The schedule for the week will open with "Go to Church Sunday," October 29. Themes for the other days are: "Homemaking Day," Monday, October 30; "Citizenship Day," Tuesday, October 31; "Health and Safety Day," Wednesday, November 1; "International Friendship Day," Thursday, November 2; "Arts and Crafts Day," Friday, November 3; "Out-of-Doors Day," Saturday, November 4.

This community's Girl Scout activities were given impetus, this year, by the formation of the Daly City-Colma Girl Scout Council, which provides a coordinating body for all groups. The council is headed by Mrs. Stella Jensen, Colma, as commissioner. Mrs. Jensen, clerk of the Jefferson Union High School Board of Trustees, has a long record of successful leadership in P. T. A. and other community service activities.

The list of Daly City-Colma Scout groups for girls now includes: Girl Scout Troop No. 1, Mrs. J. S. Calvin, leader; Girl

Paper boxes should be flattened, then tied in tight bundles. A metal trunk or bin with a tight cover is the safest place to store paper. Next best is to stack paper bundles on a cement floor away from furnace, stove or hot pipes. Soiled or oily paper is useless for salvage and is also a fire hazard and should be destroyed.

ney, Johnson club, 6283 Mission street, declined to press charges against the teen-age boys who broke the window of their office, October 21, at 8 p. m. The lads insisted it was an accident. Sergeant Benedetti and Officer Edward Beecher investigated.

August Bierman and Donald James, U. S. Marine Corps, were jailed, October 21, 12:10 a. m. by Officers Roy Beecher, James Welsh, Roland A. Petrocchi and Sergeant Benedetti when they created a disturbance at Theatre grill. After leaving the restaurant they broke a bottle at Hillcrest and Mission, kicking the glass into the street. They also annoyed two women in a car parked nearby and were abusive to officers at the police station. Later, the Marines were turned over to the Shore Patrol.

With cigarettes as hard to get as they are, it was no pleasure to A. E. McMillin, 428 San Diego avenue, to discover that someone had entered his house and ransacked it, making off with fourteen packages. The intruder also took six whiskey glasses, two flashlights, a wooden train, and stuffed rabbit. McMillin reported the theft to local police, October 20, 7:10 p. m. and Sergeant Benedetti and Officer Petrocchi investigated.

Officer Petrocchi found that only property damage resulted when cars driven by Oliver Rea, 738 Sixth avenue, San Francisco, and Hans Caltoft, 634A San Bruno avenue, San Francisco, collided on Mission street, 52 feet north of Wellington avenue, October 19, at 7:30 p. m.

Dr. Dexter Urges Support For No. 9

In a strong appeal to voters to support Proposition 9, the Better Schools Act, at the November 7 election, Dr. Walter F. Dexter, state superintendent of public instruction, declared today that increased state support of the elementary schools is essential to overcome the present acute teacher shortage and to provide adequate educational facilities for California's vastly increased population.

"A serious teacher problem exists in California," said Dr. Dexter. "In the first place, school superintendents are now reporting that they have been unable to find teachers for all positions. Second, because of unusual war conditions, teachers find it necessary to ask for transfer to other schools on short notice, thus creating unexpected vacancies. Third, it is practically impossible to find substitute teachers. Fourth, the issuance of emergency credentials has made it possible for many unprepared teachers to find positions which cannot, of course, be held with any degree of permanency. Fifth, in far too many metropolitan areas the classes are crowded to an extent that could not under any circumstances be tolerated in normal times.

"Proposition 9 did not originate because of the selfish interests of any group. Rather, it is the expression of the best thought of hundreds of thousands of loyal California citizens whose first and major concern is the welfare of the children. I endorse Proposition 9 without reservation and strongly urge its approval by the voters."

ing fund, after the regular salaries were paid, be distributed as a bonus to the commissioners; the other, that something be done about the driveway of Co. 1 firehouse, which is sinking. The council referred the matter of the driveway to the attention of Bodien and Klassen for report.

Mrs. Hazel Marsh, representing the Girl Scouts, asked the council's assistance in fixing up the Scout House at Mission street and Theta avenue. The city attorney, F. E. Hoffmann, pointed out that the city could not legally make any improvements on private property. Councilman Lynch invited Mrs. Marsh to attend the caucus meeting, Monday night, October 30, at which time members of the city recreation committee would be present and further study could be given the problem. Although unable to help the Scouts at their present meeting place, the council assured Mrs. Marsh of their interest and willingness to "see what could be done".

Councilman Lynch moved that a warrant be drawn and the bills which were read at the meeting be paid. After the memorial site discussion, which occupied the major portion of the session, Councilman McHugh moved that the meeting be adjourned.

Deputy Health Officer Fred A. Collins was in attendance.

NEWS OF DALY CITY MEN IN ARMED FORCES

According to an air service command station in England, Corporal **Lowell Kenneth Coy jr.**, former Daly City boy, has completed an orientation course designed to bridge the gap between training in the states and combat soldiering against the enemy in France.

At the station, Corporal Coy attended a series of lectures given by veterans of the command which included instructions on chemical warfare defense and pertinent tips on staying healthy in a combat zone. His next station will be one from which America's fighting planes cover the liberation of Occupied Europe.

Before entering the Army Air Forces, Coy was employed as a driver by Midtown Motors company, San Francisco. His mother, Mrs. L. K. Coy sr., now lives at 1358 Grove street, San Francisco.

With The A. A. F.

Here's a picture of **William W. "Bob" Freeman jr.**, who has been promoted to staff sergeant with the 15th AAF in Italy. He's a tail gunner on a Flying Fortress.

Sergeant Freeman has flown 28 combat missions and been awarded the Air Medal.

From somewhere in New Guinea the 24th Infantry division sends word that **Edward C. Jones**, Daly City, has been promoted from corporal to sergeant. He entered the service, October 7, 1942, and has been overseas 22 months.

Sergeant **Jones** is the son of Mrs. Doris M. Leveille, 387 Hanover street. He is a former employee of Western Pipe and Steel.

Private First Class **Duilio P. Biagi**, 6055 Mission street, is a member of the 350th Infantry regiment, one of the 88th Infantry division units which paced Lieutenant General Mark W. Clark's Fifth Army smash from the Garigliano to north of the Arno river in Italy. Trained originally in Oklahoma, Louisiana and Texas the 350th went overseas late in 1943 and entered the lines in the Minturno sector in early March of this year.

Biagi is a cook's helper.

Yes, It's The Same Man

The Record presents two pictures of First Lieutenant **James G. Iversen.** One photograph was sent to the engravers several weeks ago, where for all practical purposes it seemed to have disappeared. The second picture was sent in when any likelihood that the first would show up was relinquished. Simultaneously, cuts for both arrived, early this week.

In the top photograph, Iversen is shown just as he left to check the radio equipment on aircraft returning from a mission to Greece. He's with the 15th AAF in Italy.

In the picture below, Iversen is caught by the camera as he explains to a class of radio-gunners the emergency adjustments which can be made to a sending and receiving set while in flight. Lieutenant Iversen had a diversified radio background before joining the Air Corps in July, 1942, because as a civilian he repaired and constructed receiving and transmitting equipment and was an amateur operator.

The lieutenant is the son of Mr. and Mrs. James Iversen, 618 San Diego avenue. His wife, Mrs. Elizabeth M. Iversen, resides at 163 Los Olivos avenue.

Private **George E. Childs**, who formerly lived at 44 Vendome avenue, Daly City, has recently arrived at Welch Convalescent hospital, the Army's new reconditioning center in Daytona Beach, Florida. The carefully-planned program of physical and educational reconditioning not only will keep him busy but will also return him to good physical condition.

Private Childs, the son of George Childs, was formerly employed in San Francisco. He entered the Army April, 1941, in Monterey, California, and has since served 22 months in the Aleutian Islands.

Corporal **Fred B. Vaughn**, who has been overseas more than 27 months with the Marine Corps, was home briefly, last week, and expects to get back to Daly City for 30 days after reporting to San Diego. His parents are Mr. and Mrs. Charles W. Vaughn, 115 Templeton avenue. He saw action at both Guadalcanal and Saipan.

Two of Vaughn's sisters work at the U. S. Marine Corps office in San Francisco. His brother, **Robert Vaughn** is overseas with the Seabees.

In New Caledonia

Mr. and Mrs. Angelo Stampanoni, Allemany street and San Pedro road, recently received the above snapshot from their son, Private First Class **Angelo S. Stampanoni.** It was mailed from New Caledonia. He has now been overseas 2 1-2 years.

Stampanoni, who was born in Colma, was a popular member of Company No. 6, D. C. F. D., before entering the service, April 13, 1942.

The local soldier began his trek to far places only 3 1-2 weeks after being inducted. He was first sent to the Hawaiian islands. After 8 months service at Scoffield barracks, Oahu, he went to Guadalcanal where he participated in the 1942 campaign. Later he saw action at Villa La Villa and the Russell islands. After that came New Zealand for four months.

The local Lions are now meeting at Estrada's Spanish Kitchen, El Camino real, every Wednesday noon.

"Now that we're back at home in Daly City, we hope more members will turn out for the luncheon meetings regularly," said R. L. Crane jr., secretary.

We want to try out an idea in wartime service. We hope it will be helpful to many of our customers.

The plan is this. We have set up, in our local offices, an appliance clearing house service so that our customers can list any of their appliances which they are not using and do not need.

We also invite customers who desperately need certain appliances to list their requirements with us.

In this way, we hope to perform a worthy service by putting those who are willing to sell appliances in touch with those who need appliances and are anxious to buy. After this, buyer and seller deal among themselves. The company serves as a free listing agency—nothing more.

Surely in many a home there is a good toaster, range, radio or refrigerator or other appliance tucked away in closet or garage. Somebody needs it and can use it. It sounds right neighborly, doesn't it? Will you help?

BIG DEBATE STARTED HERE!

And, Believe It or Not, It's
Roosevelt - Dewey - Johnson Versus Anderson!

THEY (Roosevelt, *Dewey and Johnson) say the program of supporting the farmers against disastrous prices is necessary and that the Roosevelt farm policies are therefore sound . . .
HE (**Anderson) voted against farm subsidies, a part of the Roosevelt farm policies, which he termed "unsound economically."
THEY say the Social Security Act is right and should be extended to the needy of ALL groups . . . He says its essential features should be repealed and that there should be substituted therefor a system of government bounties to the wealthy at the expense of the poor. (See his speech in the Congressional Record of June 23, 1944, on Page A3616.)
THEY say the Smith-Connally Act is unsound and that it tends to provoke strikes. HE says it is splendid and voted to override the President's veto of it.

*Dewey, of course, is only aping our great President and is attempting to become the step-father of the New Deal.
**Anderson, of course, as usual, voted with the die-hard reactionaries, who are uncompromisingly against all liberal policies.

CARGO HANDLERS VITAL TO AIR TRANSPORTATION

Airline reveals urgent need for men to keep war materials flying

To keep important war cargoes flying on schedule to all parts of the nation and to war zones, a greater number of cargo handlers are needed at the San Francisco Airport today than ever before, reports United Air Lines.

Cargo on planes today is as important, if not more important, than passengers.

The job, for which men are urgently needed, is that of loading and unloading air express, mail, and other cargo. It is not routine or monotonous, because the arrival and departure of every plane offers new experiences.

Working conditions are pleasant at United Air Lines. You have a group of fine fellows helping you, and the crew chiefs, who will train you, are cooperative and understanding.

Transportation to the S. F. Airport is convenient—buses stop at the gate of United Air Lines. And the airline recently opened a new and modern cafeteria for its employees. Employee benefits include vacations with pay, insurance, periodic wage review, and a retirement plan.

Plan today to help out in this vital cargo work. Apply at United Air Lines, San Francisco Airport, Bayshore Blvd. at San Bruno Ave., or 421 Powell Street, San Francisco.

Praises VFW For Stand On Proposition No. 12

U. S. Simonds jr., commander of Burlingame Post of the American Legion and well known county labor leader, today paid tribute to the Veterans of Foreign Wars for that organization's stand in denouncing Senate Bill No. 12.

"In scathingly denouncing this measure," said Simonds, "the VFW organization took the stand that our California men on the battlefronts are deserving of better treatment than this bill would accord them on their return to civilian life.

"The VFW condemned it because they recognized beyond its disguise. They know it is a barefaced attempt to have our fighting men return to their home state and find enacted into law a measure which would bring longer hours of toil at a low rate of pay.

"This is a condition which would surely lead to labor strife for it would lower our standard of living and therefore would be detrimental to employe and employer alike. I join the Veterans of Foreign Wars in asking a decisive NO vote against Proposition 12 on the November 7 ballot."

LEADERS TO MEET

Monday night, October 30, a Girl Scout Leaders association meeting will be held at the home of Mrs. Cecelia Hale, 599 Crocker avenue. All leaders and assistant leaders are urged to be present. Mrs. Muriele Pabst will preside.

Girl Scout Week activities will be discussed and arrangements made for the distribution of the calendars which the girls will sell.

Sea Scouts To Enter Regatta

Sea Scout Ship No. 144 will take part in the Sea Scout regatta at Aquatic park, San Francisco, Sunday, October 29. The boys from the local ship will participate in the pulling race, skiff pulling, flotilla drill, and sailing race. The day's program will begin at 10:30 a. m. Final arrangements for participation will be made when the boys meet tomorrow night, October 27, 7:30 o'clock at 6266-68 Mission street.

The ship has received a complimentary letter from the San Francisco Columbus Day committee for the part they played in the pageant, Sunday afternoon, October 8, at Washington square. Members of this Sea Scout ship made up the crew of Columbus' flag ship. The crew, who wore costumes for the show, got a real thrill out of the event.

There was an innovation, this year, due to Army restrictions on the waterfront. An amphibious truck was used as a substitute for Columbus' ship, the Santa Maria. Heretofore an actual ship landed at Aquatic park during the pageant.

Announce Two Themes For Oct. 27 Celebration

Navy Day, which will be observed, October 27, is sponsored by the Navy League, a civilian organization devoted to furthering public understanding of the needs of the Navy and of Naval policy.

Two themes are stressed this year in connection with Navy Day. One is that "Your Fleet Guarantees Freedom" which is based on the fact that this nation's best protection against future wars lies in strong Naval power; the other is that a great task lies ahead in defeating Japan after Germany is defeated. The civilian tribute to the Navy is in recognition of the vital part played by the fleet in winning final victory.

October 27 was selected as the date for Navy Day because it is the anniversary of the birth of President Theodore Roosevelt, so much of whose life was devoted to establishing a sound Naval policy for the United States.

Christmas Toys To Be Better--WPB

Christmas toys will be of better quality and slightly higher quantity than last year, the War Production Board said today.

While the use of critical materials is still prohibited, permission has been given, in cases where no interference with war production would result, to draw on inventories, idle and excess stocks and scrap and reject material.

This year most of the toys will be wooden ones, and fewer of paperboard. A limited quantity of stamped metal toys will also be available.

Use of synthetic and natural rubber for toys is still prohibited. Tricycles, scooters, and other heavy toys are not generally available.

Electric trains will again be lacking in the stores, but some replacement tracks will be on the market.

Some toy wagons will be equipped with metal wheels.

Electric lights for Christmas trees are still prohibited. Tinsel is again being made. Though manufacturers may have difficulty in obtaining certain types of pigments, Christmas tree ornaments of blown glass will be available in most of the usual colors.

Receive November Draft Board Calls

Mrs. Isabelle Flynn, chief clerk at Daly City Draft Board No. 103, has received notice of Selective Service calls for November. Fifteen men under the jurisdiction of the local board, will be inducted into the armed forces, November 14. Eighteen registrants will take preinduction physical examinations, November 21.

Three men were inducted, Monday of this week, and 36 will take preinduction physicals, Tuesday, October 31.

The office here has received instruction to classify all men over 38 into 4A. Previously, only men over 45 were put into this group. Much detail work will be eliminated by this directive, Mrs. Flynn said.

Young men who become 18 and are registering with the board for the first time are asked to be sure to have the signatures on their Selective Service questionnaires notarized before returning them to the board.

"We cannot accept these questionnaires unless they are notarized," Mrs. Flynn pointed out. "And failure to do so means delay and bother for both us and the registrants."

FILM FESTIVAL

This Month's STAR RECIPE

By BETTY BARCLAY

Our "Star" recipe for this month merely bears the name "Brown Betty" — a name well known by good cooks for generations.

But, such a Brown Betty! The apples are there. The lemon juice, sweetening, and flavorings are there. And we have the modern addition of cereal with whole-grain nourishment to make this "Brown Betty" a super-healthful, super-delicious dessert.

Brown Betty

- 8 large apples pared, cored and thinly sliced
- 1 teaspoon lemon juice
- 4 tablespoons butter or margarine
- ¾ cup brown sugar, firmly packed
- 1½ cups Grape-Nuts Flakes
- ¼ teaspoon cinnamon
- ¼ teaspoon salt

Arrange apples in greased baking dish and sprinkle with lemon juice. Cream butter, add sugar gradually, and cream together thoroughly. Add cereal, cinnamon, and salt, and mix well. Spread over apples. Bake, covered, in moderate oven (350° F.) 30 minutes; then remove cover and continue baking 15 minutes longer, or until apples are tender. Serve plain or with cream. Makes 4 to 6 servings.

Buy War Bonds!

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.

To a man who wants a better job

If a job means something more to you than just putting in time . . . if who you work for is as important as what you do . . . then you are the man we'd like to talk to. Here at Southern Pacific there is a fine opening for you—and in the work of your choice. There are jobs for experienced machinists, carpenters, boilermakers — for craftsmen of all kinds. Warn Daly City Motorists Of New Crackdown In S. F.

Charles W. Dullea, chief of police in San Francisco, asked this newspaper to call to the attention of local motorists that severe penalties will be imposed upon traffic violators parking in bus zones in San Francisco. In addition to levying the $5 fine provided for in the Public Utilities Code, the police are empowered to tow the auto from the zone, with attendant towing and storage costs charged to the driver.

Chief Dullea pointed out that these zones are clearly marked and that nearly all are sign posted.

This warning came after the chief was informed by Director H. C. Vensano of the board of public works that motorists parking in the bus zones were seriously impeding the loading and unloading of passengers. Director Vensano said that all automobile traffic was blocked when the busses were forced to stop in a traffic lane, rather than in their proper zones.

We have an opening for you as Yard Clerk—a job not too easy to get in ordinary times. A job with plenty of opportunity to get ahead. Now you don't need experience, just commonsense. The work: checking cars in the yards, keeping car and seal records in the yard office. A good gang to work with. Good pay. Railroad pass privileges, fine pension plan. Liberal age limits. And above all, a job with a big, permanent company. We think you'll like it. Why not come in talk it over?

COUNTY BLOOD BANK AIDS HOSPITALS

The 5000 mark in the number of pints of fresh blood and frozen plasma sent to Army and Navy hospitals was reached, this week, by the San Mateo County Blood Bank.

A shipment sent out by special courier today to Oak Knoll Navy hospital in Oakland brought the total past the 5000 figure according to Mrs. P. J. Hanzlik of the blood bank staff.

It was also announced at the blood bank that the U. S. Navy hospital at Tanforan has been added to the list of service hospitals whose blood supplies are augmented by shipments from the county bank.

These institutions, aside from Tanforan and Oak Knoll, are the Dibble Army hospital, the Shoemaker Navy hospital, the Treasure Island hospital, U. S. Marine hospital and U. S. Coast Guard hospital.

The county bank's reserve stock of frozen plasma, which officials there believe should be kept at the 1000 pint level in order to cope with any large county-wide disaster, has been depleted to the 775 mark, due to the increased demands by the service hospitals. This caused blood bank officials to make a new appeal for donors.

"Young men who fell on the battlefronts in action against the Japs now depend on blood transfusions to save their lives," said Mrs. Hanzlik.

"We can't keep dipping into our supply stock. However, we must meet all demands of these seven service hospitals. Therefore we ask each resident of this county to search his conscience by asking himself this question: 'Have I done my full share in the war effort until I have given a pint of blood to a service man whose blood flowed on the battlefront?'

"The blood bank method is entirely painless and takes but a few minutes in time. Do your patriotic bit now by telephoning San Mateo 3-1424 or writing us at 25 South El Camino Real, for an appointment."

Are you entitled to wear a "target" lapel button? You are if you are investing at least ten percent of your income in War Bonds every pay day. It's your badge of patriotism.

INVITATION

"You are welcome to join us at Polytechnic Evening high school anytime"—that's the standing invitation from Principal Ulrich Graff.

One of the many groups meets Tuesday evenings at 7:30 p. m. with Kreiger and for the fun of it runs over standard musical comedies, overtures and radio music.

Another group studies at 7 p. m. Monday through Thursday evenings with Miss McCue, sight-singing, music appreciation and A Cappella chorus.

SECOND PLACE

Wartime marriages in San Francisco showed an increase of 855 over the same period last year. This places the city second only to Kansas City, Kansas. Licenses issued thus far this year totaled 7627.

This increase in marriages runs contrary to the trend elsewhere in the country, where reports from 91 leading cities show a drop off of marriages by 30,508.

A lot to do with Apples!

NO ONE NEEDS a recipe to enjoy a good eating apple, whether the occasion be Hallowe'en or just any day at all. But for apples that are better when cooked, here are appetizing suggestions.

GLAZED BAKED APPLES

(These are the kind you get in fine restaurants—but there's nothing complicated about preparing them): Wash 6 large baking apples, remove blossom ends, and core about 2 inches deep. Fill each cavity with 1 or 2 tbsps. sugar, dash of cinnamon and nutmeg. Place in baking dish, with small amount of water. Bake in moderate oven (375° F.) about 45 minutes. Make syrup of 1 cup sugar and 1 cup water; boil 5 minutes. Remove cover for last 15 minutes of baking, and baste frequently with syrup. Serve warm or cold, with cream or chilled custard sauce.

And if you like apple sauce in full, crystal-clear pieces, then try this recipe for

TRANSPARENT APPLE SAUCE

Wash 6 medium-size cooking apples, pare, quarter, remove cores. Place apples in saucepan; add ½ cup water. Top with 1½ cups sugar. (¼ tsp. nutmeg and ½ tsp. cinnamon may be added.) Do not stir. Cover; cook slowly without stirring until apples are tender and transparent (about 20 to 30 minutes). Cool with cover on.

To go with roast pork or ham, surprise your family with

CATSUP APPLES

Core, but do not peel cooking apples. Cut in half crosswise, and place in baking dish, cut side up. Top each half with ½ tbsp. catsup and ½ tbsp. butter or margarine. Add enough water to cover the bottom of the dish. Bake in moderate oven (350° F.) for about 30 minutes. Just before serving, turn the cut sides of the apples down, to absorb the juice.

HE HAS RETURNED!

A man-made typhoon roared out of the Pacific and covered the first American landing in the reconquest of the Philippines. The man with the four star insignia and the firm jaw who watched the attack from the deck of a cruiser saw something more than the immediate action.

He "saw" Bataan. He had been "seeing" it all during the "age" that had passed since he left. Bataan—the gaunt faces of half-starved men. Bataan—"We'll hold out until help comes," his men had vowed. Bataan—day by day the Japs grew stronger, his men weaker. Bataan—now the food was all but gone, the ammunition running dangerously low. Raw courage was their last weapon.

Then came word from Washington. The General was ordered to leave for Australia. As the little torpedo boat slipped away from the shore of the Philippines he looked back. "I shall return," he said.

But Australia was thousands of miles away. The tide of Japanese conquest had already rolled far to the south and was lapping on the very shores of the land "down under." What if Australia should fall to the little brown men who had set out to rule Asia and the Pacific? The road back might be blocked forever.

Even if Australia survived, the task still would be Herculean. But the first painful and shaky steps back toward the goal came a few months later—Guadalcanal. Then Rendova and New Georgia—Bougainville—New Britain — Salamaua — Lae — Hollandia — the Halmaheiras. Back westward and northward through steaming jungles and stinking swamps that crawled with insects—and Japs—and death. But the march went on.

"I shall return," he said. General MacArthur had kept his promise.

Currently On Daly City Screen

A new kind of romantic villain makes his screen bow in Warner Brothers' exciting mystery, "The Mask of Dimitrios," now at the Daly City theatre. He is handsome Zachary Scott, shown above with Faye Emerson, a co-star. Also starred are Sydney Greenstreet, Peter Lorre and Victor Francen.

Fred Houser has a record, through three terms as an Assemblyman and as Lieutenant Governor, of staying on the job. Never has he shirked his official duties! He is a student of Government, having taught this subject in university. He led the "Economy Bloc" in the state legislature in saving the taxpayers $200,000,000—yes, by staying on the job.

Fred Houser was elected Lieutenant Governor with the Republican vote and one-third the Democratic vote. In three assembly contests he had the endorsement of the A. F. of L. He is young, vigorous, and a tireless fighter. His co-workers in the state legislature—those who know him best—acclaim Fred Houser as one of the ablest men ever named as a candidate for a high public office in California.

Tips From Local Office Of O. P. A.

(Editor's note: this column is prepared for The Record's readers by the local OPA board, No. 83-12-3, 470 Grand avenue, South San Francisco, and is printed by this newspaper for the convenience of both the public and the board.)

With the approach of V-Day and thought turning to postwar planning, it is quite often necessary for us on the board, in order to get our feet on the ground and take care of the matters at hand, to review the preamble to the Emergency Price Control Act. We would like to pass it on to you to read. It embodies what OPA is working to accomplish.

"It is hereby declared to be in the interest of the national defense and security and necessary to the effective prosecution of the present war, and the purposes of this Act are to stabilize prices . . . prevent speculative increases in prices and rents, eliminate and prevent profiteering . . . assure that defense appropriations are not dissipated by excessive prices . . . protect persons with relatively fixed and limited incomes from undue impairment of their standard of living . . . to prevent hardships to persons engaged in business, to schools, universities, and other institutions, and to the Federal, State, and local governments, which would result from abnormal increases in prices; to assist in securing adequate production of commodities and facilities; to prevent a post emergency collapse of values; to stabilize agricultural prices . . . and to permit voluntary cooperation between the Government and producers, processors, and others to accomplish the aforesaid purposes."

Because of the work the OPA has done in line with the above preamble, people have been protected; hardships have been prevented; voluntary cooperation has been given; effective prosecution of the war has been aided; the day of victory has been brought closer. It is your cooperation with the rationing program which has made the lofty purposes of this wartime act become realities.

Crocker P. T. A.

Crocker P. T. A. held a magazine luncheon at the home of Mrs. Lillie Cavagnaro, 428 Irvington street, Tuesday, October 24. The unit was well represented at the joint Fathers Night meeting in the high school, Tuesday, October 17. On the same date, a luncheon for the benefit of the War Chest was given at the home of Mrs. Anne Ingersoll.

Mrs. Margaret Holzworth, president, attended the Seventeenth district, C. C. P. T., meeting at Burlingame, last week.

Next regular unit meeting will take place, Tuesday, November 14, 2 p. m., at Crocker school.

That Decorative Touch

Do your meals "sparkle"? Do your friends "enthuse"? Are your dishes "copied" by guests? Or are you one of those unfortunate women who always sets an "ordinary" table, serves "ordinary" foods and never gets the thrill of compliments?

In many cases there is very little difference between your meal and that of a more fortunate friend. The cooking is equal. The china and silver are the same. The meats and vegetables came from the corner store. But your neighbor has "that decorative touch" and you haven't. She slips a spray of parsley on her steak, a big red cherry on her fruit cup, a wafer of pepper over each slice of tomato and an attractive topping on her dessert. Immediately her meal is enhanced. The eyes of the family sparkle. She has that decorative touch.

Cultivate that decorative touch. It will pay you time and time again. Through it you will induce children to eat foods they now refuse, and even non-milk drinking children may be taught to "eat" milk, provided you serve it in a decorative dessert like the following:

Chocolate Sundae Rennet-Custard

1 package vanilla rennet powder
2 cups milk (not canned)
Chocolate Sauce
Peppermint Stick Candy

Set out 4 or 5 individual dessert dishes. Warm milk slowly, stirring constantly. Test a drop on inside of wrist frequently. When COMFORTABLY WARM (110° F.) not hot, remove at once from heat. Add rennet powder and stir briskly until dissolved — not over 1 minute. Pour at once, while still liquid, into dessert dishes. Let stand at room temperature until set — about 10 minutes. Chill.

Prepare a chocolate sauce by melting sweet milk chocolate in a double boiler and blending with enough cream to make a thick sauce consistency (about ¼ cup cream to 3 ounces chocolate). Cool, and just before serving, pour a pool of chocolate sauce into the center of each rennet-custard. Then sprinkle crushed peppermint stick candy over the chocolate sauce, and serve immediately. Makes 4 or 5 servings.

Child Psychologist Addresses CCPT

Seventeenth district, California Congress of Parents and Teachers, met in the Burlingame high school little theatre, Thursday, October 19, at 10 a. m. Mrs. L. G. Evans presided.

Dr. Katherine Bradway, child psychologist in the San Mateo County Child Guidance clinic at Community hospital, told of the many benefits to be derived from this new venture if parents will cooperate. Dr. Bradway said, "A survey of the county showed the need for this type of service. Five types of problems are handled:

1. Indifference to or dislike of school work; 2. Personalities; shy withdrawn children need the most help; 3. The destructive or belligerent child; 4. Finding the proper foster home to fit the individual child; 5. Aiding the physically handicapped child. An examination may be arranged through your school or county welfare board. There is nothing radically wrong, just the everyday child with everyday problems."

"Selective Service Rejections" was the subject of Dr. H. Wade Macomber, medical member on the local selective service board. Restrictions have been relaxed since Pearl Harbor, but the percentage of rejections is very high.

"Neglect of fundamental health precautions during childhood is the cause of the greater number of ailments and deficiencies discovered by the examining physicians. Ignoring the common cold often results in chronic sinus, deafness or other ailments. Early care of the teeth is essential," he said.

Mrs. F. D. Benz, director of health, was in charge of the program.

The placing of an order for a mobile X-ray unit, costing $20,000, by the San Mateo county Tuberculosis and Health association, was announced by Mrs. Ruth Close, executive secretary. The unit will be available to all county schools and will increase the efficiency of the staff in checking large groups.

October is devoted to the membership drive for all P. T. A. units. Mrs. M. G. Strohmeier, membership chairman, announced extensive activity in her department.

Support of Propositions Nos. 3 and 9, and opposition to No. 11, were recommended by the director of public welfare, Mrs. H. P. Eder.

Coffee was served in Gunst park through the courtesy of the board of directors.

November 16 is the date set for the next meeting to be held in the little theatre of San Mateo high school at 10 a. m. It will be a morning session with Mrs. Faun Tuska, first vice-president, presiding. The program is under the direction of Mrs. H. P. Eder, director of public welfare.

News From Schools Of Jefferson Elementary School District

AT WOODROW

Room 1 lost two pupils, last week. Claudine Rice is returning to Oklahoma with her family, and William Bryant is accompanying his mother to Rhode Island. Bill's father recently left for overseas duty with the armed forces.

The pupils of Room 4 have made some interesting maps on the growth of the United States.

Room 8 collected over six thousand pounds of paper, thus winning the drive and getting out of school early.

The sixth grade has studied the many types of ships which are propelled by oars. They drew and made topics of Egyptian galleys, Phoenician ships, Viking ships, Caravels and the first sailing ships.

The children of Room 12 are completing their scrap book of modern and old fashioned machines.

Room 15 saw a very interesting sound film called "Cooperative Wool." The film showed the sheep on the range, shearing of sheep, inspection and selection of wool, making of wool yarn, and finally the finished product, wool fabric.

AT CROCKER

Last week, Room 2 welcomed Georgeane Cavallaro to their class. Georgeane was not an utter stranger since she had attended General Pershing school at one time.

The students of Room 3 are drawing to a close their social studies unit on "Land Transportation" with a study of the railroad. Slides and flat pictures were enjoyed and many interesting stories of the railroad were heard.

Two boys from Room 6 spent the weekend fishing. Fred Bricker went to San Rafael and Stephen Ward fished at China Camp catching four bass.

AT JEFFERSON

In connection with their social science studies this past week, the sixth and seventh grades enjoyed reading and discussing some of the best known romantic stories of ancient and modern history.

The seventh grade in its study of aviation became acquainted with the fantastic Grecian myth concerning Icarus.

The sixth grade climaxed their study of the renowned voyager, Marco Polo, by giving a playlet dealing with the struggle, between nations for the control of the rich trade of the Far East, during the Thirteenth and Fourteenth centuries.

Each scene presented a clear-cut picture of some important phase of this strunggle. Julius Caserza took the part of Marco Polo; Donald Garibaldi, his father; Milton Thromberg, the uncle, and Richard McCarver, Kubla Khan.

As every child in the fifth grade has completed an excellent notebook on the subject "Cotton," the class is now starting on the study of "Wool." This subject will include the part wool has played in the war; also the making of synthetic fibres resembling wool.

This week the second and third grades continued their study of foods by planning good breakfasts and good lunches. Several children told the class what they had for breakfast and lunch, and after a long class discussion the most nourishing was selected as a class pattern.

Angelo Gianni, Emile Giacchino and George Riccomi made two excellent posters for the Colma Red Cross sewing room, to announce its reopening in the Colma Community center, this week, after a long vacation.

IN HOSPITAL

Joseph Lewkowitz, 551 Vista Grande avenue, is confined to Mount Zion hospital. He has been ill for several weeks.

School Children To Collect Tin

Daly City's Salvage for Victory committee today reminded local householders to save their tin for the pupils of the Jefferson district schools who are patriotically collecting it for the war effort. All tin cans should be thoroughly cleaned, delabeled, and flattened.

Any youngster in the neighborhood will take donations of tin to the school collection depot or, where the box would be too large for a child to carry, the resident is urged to take the contribution to the school nearest his home.

At the last meeting of the Jefferson Naturalist society it was decided to draw up a calendar of field trips for the coming term.

Suggestions for field trips included: Stinson beach, Lake Merced, Moss beach, Golden Gate aquarium, Strawberry canyon, Fairfax, McLellan's nursery.

November 5, the club is planning for a trip to Alum Rock near San Jose. A day of hiking, collecting, and swimming will be enjoyed by the members.

These awards will be available to both boys and girls.

The award will be an emblem. Design for it has not yet been decided.

ENTERTAINMENT COMMITTEE

Virginia Nestor, chairman of the entertainment committee, has announced the date of the next school dance as November 17.

It will be a Sadie Hawkins' dance, and the girls will ask the boys. Lucky boys!

Two new members appointed to the committee include: Don Bortis and Harold Tikkanen.

"FREEDOM CALLS"

Under the direction of Eva Claus and Ed Boyle, a bond and stamp rally, entitled "Freedom Calls" was presented to the assembly, Thursday, October 19.

The rally opened with a pledge to the flag led by Principal Stanford Hannah, followed by the singing of the "Star Spangled Banner" by the students.

The chorus, under the direction of John McCarthy, sang "This Is My Country."

Novelty numbers of the presentation featured Ella Mae Morse, Bing Crosby, the Andrew Sisters, and Frankie all portrayed by students.

The final scene featured the chorus singing "Goodnight, Wherever You Are."

Last reports show that sales of stamps have risen from 33 per cent to 53 for the month of October.

ASSEMBLY

Tuesday, October 24, an assembly program was dedicated to the Waves as an observance of Navy Day.

A speaker and a short film were brought to the school by the San Francisco Navy Week committee.

WAR CHEST

Tuesday, October 17, a film entitled "Memo for Joe" was shown starring Quentin Reynolds.

The purpose of the film was to give to the students an idea of how their donations to the War Chest were going to be used.

Also featured on the program were two speakers.

Wednesday, special homerooms were called so that the students might give to the War Chest. They made a good showing when they gave approximately $100.

COURT

First court of the term was held, Wednesday, October 18. The session was presided over by Judge Art Valverde.

It was very brief for there were only 13 offenses.

HERE 'N THERE

Photography Club — Sales for pictures of the Tamalpais game and South City game have been doing all right. The most popular seems to be the one of the four-piece band of Jeff's that played with Tam's 50-piece band.

Senior Sweaters — Out of a class of 63, approximately 55 seniors have ordered senior sweaters. Due to the priority on wool, President Eugene Somers stated that it would be either January or February before the sweaters would arrive.

Junior Pins — The junior class is ordering Junior pins.

Called Off — The game scheduled to be played by Jefferson against Tracy, Friday evening, October 20, was called off due to **weather conditions.**

Don't forget to get your Student Body card to make Jeff 100 per cent!

NEW BABY

Mr. and Mrs. Earl L. Williams, Colma, are the proud parents of a son born, October 11.
